Planning Matters</p> <p>Council to note Clerk's references in letter 20 April 2021 for 2/2015/1422/FUL 2/2016/0017/FUL</p>	<p>a. <b>P/PABA/2021/100881 – Deer Farm, Gallows Corner to Farrington Lane, Farrington DT11 8RA</b> – Erection of an agricultural building. This is a request for legal determination of Dorset Council as to whether or not Prior Approval is required for this proposal. The council is extremely concerned that this request, which may be too readily sanctioned without detailed consideration of its merits and rationale. This would thereby permit a large-scale agricultural development to occur without the opportunity for local concerns to be taken into account. The council has received correspondence which describes the concerns of local residents at the proposed erection of a large agricultural building in the Parish. These include the visual impact on and potential for despoilation of land set within an Area of Outstanding Natural Beauty (AONB); the inevitable increase in traffic, especially large farm and delivery vehicles on narrow roads, with resultant increase in noise pollution and maintenance requirements; and the apparent lack of any economic rationale for this proposed agricultural building given the existing infrastructure and facilities on site. The proposed site of this large-scale agricultural building will not only be highly visible, but is set within a unique AONB which includes the iconic Hambledon Hill and its surrounds. Clerk instructed to respond to Dorset Council and request this matter be treated as a Planning Application.</p>	<p>Clerk – letter 20 April 2021</p>
